Sir:

**DETERMINATION OF PATENT TERM ADJUSTMENT - POST GRANT**

As required by 65 Fed. Reg. 56387 (September 18, 2000), Applicants notify the U.S. Patent and Trademark Office (USPTO) of an error in the patent term adjustment. Applicants are in receipt of the Determination of Patent Term Adjustment for this patent application advising of a patent term adjustment of 1351 days. The patent application was allowed on July 16, 2009, and the issue fee was paid on October 15, 2009. The Letters Patent was issued on April 20, 2010.

After Allowance on July 16, 2009, Applicants filed six Information Disclosure Statements, which caused 82 days of Applicants delay. The USPTO's calculation, however, includes only 17 days of Applicants delay after the allowance.

The USPTO delay is 1482 days. Based on Applicants' calculation, the Applicants delay should be 196 days, and therefore, the patent term adjustment should be 1286 days.

Applicants respectfully request that the USPTO identify how it arrived at its adjustment period.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.

Dated: July 22, 2010
